Dear Mr. Haller:

This letter addresses our concern on F.C.C. refarming, regarding PR Docket 92-235. We are **strongly opposed** to this proposal. Our in use emergency frequency 154.355 operating with station call sign WNZU 342 is used for emergency notification for fire and ambulance. This system cost the taxpayers of Macedon in excess of \$12,000 to date. Our intent is to preserve the integrity of this frequency.

Several other frequencies in the 150MHz range are used for emergency communications that is critical to the life safety of area residents. We urge that Steering committee re-examine the financial, and safety impact that this proposal would have on the taxpayers of our community.

Sharon Benjamin, Mayor:

Sharon S. Benjamin

John Murphy, Fire Commissioner:

John Murphy

Dave Kelly, Fire Chief:

Dave Kelly

David A. Kelly, Capt. Fire:

David Kelly
